

Department of Homoeopathic Case taking and Repertory

“The use of Repertory in homeopathic practice is a necessity if one is to do careful work. Our Materia Medica is so cumbersome without a Repertory That the best prescriber must meet with only indifferent result.”

Dr.J. T. KENT

The subject of Homoeopathic Case taking and Repertory is taught in **THIRD and FINAL Yr B.H.M.S.**

Objective:-

Objective is to upgrade the knowledge of the students and help them succeed in their profession and life.

Apart from regular teaching, innovative methods as group discussion, webinars, seminars, audio visual presentations etc are used.

Clinical aspects of the subject are taught through examination, analysis, evaluation, case discussions etc of various patients in the college and hospital.

Library:- Department has its own library with collection of many Text-books, Reference – books along with repertories for quick and easy reference for students.

Computer Lab:- A well equipped lab with latest technology, internet connectivity, e-learning facility for students.

Homoeopathic Software:- Five homeopathic software are available which help the students to learn different aspects of repertory and repertorisation. Students are encouraged to work out the case with the help of this software’s under the guidance of highly experienced and qualified doctors.

Staff:- The highly qualified departmental staff is very enthusiastic and keeping the aim to development in the field of Homeopathy which are always eager to guide the students..

A well-furnished, well ventilation with sufficient lighted room where demonstration for card repertories, audiovisual presentations, student’s enrichment program, workshops, training program are carried out.

Many **charts, models and photographs** of stalwarts of Homoeopathy are being displayed in the department.
